K - 1st Field Trip to Soule Homestead

Last Thursday our Kindergartners and 1st Graders visited the Soule Homestead education center. They met many farm animals and learned about carding wool, but each student had his or her favorite moment. **Aubrey, Lyla, Jack, Kael,** and **Jordan** all especially enjoyed holding a soft and fuzzy bunny. **Benjamin N.** thought it was hilarious when the bunny waved its paw goodbye at the students. **Stella** and **Wyatt's** favorite part was walking a sheep on a leash. **Benjamin M.** enjoyed watching a chicken flap its wings vigorously as it tried to escape its keeper.

3rd - 4th Field Trip to Higgins Armory Display

Our 3rd and 4th grade classes also attended a field trip to the Higgins Armory Collection at the Worcester Art Museum where they saw armor and a weapons display relevant to their history curricula. **Olivia, Melanie,** and **Abigail** appreciated being allowed to touch some pieces of armor or chainmail to see how they feel. After walking through the museum, **Emmelia, Ethan, Jacob,** and **Maggie** all enjoyed the weapons demonstration led by their entertaining and informative guide. **Benji S.** and **Madeline** both were volunteers at this demonstration. Benji learned how to block a sword with his shield while Madeline held some chainmail and felt its weight. The guide then pressed a sword on it showing the chainmail's resistance to Madeline and the group. After this demonstration, the students visited an art exhibit where each piece of artwork would move or light up as the viewer approached. This was the favorite time for **Sonia, Jacoby,** and **Noah.** **Gracie** and **Adelle** both enjoyed the trip overall with the chance to learn new things at the museum and spend time with friends.

We look forward to the experiences all our students will have on other field trips during the year.
